

Team Involvement in Demonstration

Date	15-07-2026
Team ID	
Project Name	Rising Waters
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the participation and responsibilities of each team member during the demonstration of the Flood Prediction System Using Machine Learning. Each member contributed to presenting different aspects of the project, ensuring a clear and comprehensive demonstration.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Team Member 1	Team Leader	Introduction & Problem Statement	Introduced the project, objectives, and explained the need for flood prediction.	Active
2	Team Member 2	System Architect	Solution Architecture & Technology Stack	Explained the system architecture, technologies, dataset, and machine learning algorithms used.	Active
3	Team Member 3	Application Developer	Live Application Demonstration	Demonstrated the Flask web application, user input process, and prediction workflow.	Active
4	Team Member 4	ML Engineer	Machine Learning Model & Prediction Results	Explained model training, prediction process, accuracy, and displayed prediction results.	Active
5	Team Member 5	Testing & Documentation Lead	Testing, Performance & Documentation	Presented functional testing, performance testing, project documentation, and GitHub repository.	Active
6	Team Member 6	Presenter	Future Scope &	Discussed future	Active

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
			Q&A	enhancements, project scalability, and answered evaluator questions.	

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Team Member 1
Overall Team Coordination Rating (1–5)	5/5
Any Issues During Demo	Minor delay while loading the Flask application; otherwise, the demonstration proceeded smoothly.
How Issues Were Resolved	The application was restarted, connectivity was verified, and the team continued the demonstration without affecting the overall presentation.
